EXPERIENCE

ACCRETIVE TECHNOLOGY GROUP 5/01 - CURRENT

CREATIVE WEB DEVELOPER

Design and develop custom interactive landing pages and advertisements, developing live working prototypes for A/B testing within a mobile web application. I work closely with marketing and UX on various web and multimedia projects to aid in strategy and scaling.

SAVERS 4/01 - CURRENT

ONGOING FREELANCE HTML5 MOTION DESIGNER

Design and develop motion advertisements for Value Village/Savers international brand.

SCHOOL OF VISUAL CONCEPTS 5/13 - CURRENT

TEACHING ASSISTANT

In my role as Teaching Assistant I act as a support within the classroom setting. Work under the supervision of the instructor in a busy and exciting school. Contribute to the delivery of teaching and tutorials. I enjoy helping student's problem-solve their written code, and suggest new solutions.

CRYSTALCOMMERCE 6/12 - 9/14

WEB DESIGNER, LEAD

Championed the design and development of a modular starting template for the rapid development of eCommerce themes to help resolve the bottleneck in design and development, and to increase profitability. Worked directly with clients from discovery, prototyping, development, and launch on client eCommerce stores, and made-to-match Wordpress blogs. Took on leadership responsibility and led the team effectively to achieve greater efficiency in custom theme production. Used innovative solutions to make a proprietary eCommerce platform more flexible and customizable from the front-end.

TIFACOLA DESIGN 2009 - 2012

FREELANCE WEB GENERALIST

ROCK GONE WIRED MEDIA 2008-2011

SOLE CREATIVE

Overseeing all media and promotional art for a local metal/hardcore rock talent management company • Creating Band identity for over a dozen local talents including band photo shoots, logo creation, merchandise designs, album cover designs, custom websites, custom designed MySpace pages, and show flyers.
